Operation Mirror

Let's *show*
them what
they have
become.

LET'S GRAB OUR MIRROR SHIELD AND
GET OUR FREEDOM BACK!

Hello lovely people

To win this battle, we must be innovative and leverage all the knowledge and resources available.

I believe one way to win is to make sure the police and army join **WE, THE PEOPLE**. Let's work on peacefully breaking through their cognitive dissonance.

Many have been brainwashed for years to obey authority blindly. They also have relatives and friends. We are all in this together.

When they face us obeying the orders, let's show them **HOW WE SEE THEM** and what their hierarchy makes them do.

- Buy some self-adhesive mirror sheets
- Stick it on a piece of cardboard

When going to protest and facing the policemen, raise your mirror and make them look at themselves.

Do not use a real mirror as it could break and be used as a weapon. We stay **PEACEFUL**.

Long live the **RESISTANCE. UNITED WE STAND,
DIVIDED WE FALL.**
